TI-503

Battery-powered, pocket-sized calculator that provides easy, on-the-spot answers.

- Large, 8-digit display with comma and decimal punctuation.
- Roomy keyboard with well-spaced rubber keys.
- 3-key memory, percent and square root keys, automatic constant.
- Automatic Power Down (APD™) feature conserves power.

TI-507

Solar-powered, pocket-sized calculator that provides easy, on-the-spot answers.

- Large, 8-digit display with comma and decimal punctuation.
- Roomy keyboard with well-spaced rubber keys.
- 3-key memory, percent and square root keys, automatic constant.
- ANYLITE™ solar power allows operation even in low light.

TI-1100+

Compact calculator with a SuperView™ display that's perfect for home, school, or office.

- 8-digit, extra-large SuperView™ display with comma and decimal punctuation.
- Well-organized keyboard with comfortable rubber keys.
- 3-key memory, percent and square root keys, automatic constant.
- Handy vinyl wallet included.
- Automatic Power Down (APD) feature conserves power.

EVERYDAY

- Easy-to-read, 8-digit display.
- Convenient, small size with large, easy-to-use keys.
- 3-key memory plus percent and change sign (+/-) keys.
- Handy pouch included.
- Solar power allows operation in normal indoor or outdoor light.

TI-307

Credit-card size calculator that travels anywhere, and it's solar-powered.

- 8-digit, extra-large SuperView display with comma and decimal punctuation.
- Color-coded keyboard with rounded keys includes extra-large plus and minus keys.
- 3-key memory, percent, change sign (+/-) keys and square root keys, automatic constant.
- Sturdy, attractive slide case protects the display and keyboard.

TI-1706+

Stylish and solar-powered with a SuperView display – perfect for home or office use.

- 8-digit, extra-large SuperView display with comma and decimal punctuation.
- Color-coded keyboard with extra-large plus and minus keys.
- 3-key memory, percent, square root, and change sign (+/-) keys, plus automatic constant.
- Handy wallet included.
- ANYLITE solar power allows operation even in low light.

TI-1766 III

Solar-powered calculator with an extra-large SuperView display has the functions you need every day.

TI-1775

Compact calculator with folding wallet that goes with you everywhere.

- Large, easy-to-read, 8-digit display with comma and decimal punctuation.
- Color-coded keyboard with well-spaced, comfortable rubber keys.
- 3-key memory plus square root, percent, mark up, and change sign (+/-) keys, automatic constant.
- Solar power allows operation in normal indoor or outdoor light.

TI-1795+

Solar-powered, mini-desktop calculator with an angled, 8-digit SuperView display.

- 8-digit, extra-large SuperView display is angled to reduce glare.
- Roomy keyboard with large, well-spaced keys.
- 3-key memory plus percent, square root, and change sign (+/-) keys.
- ANYLITE solar power allows operation even in low light.

TI-1768 II

Solar-powered model with an extra-large SuperView display calculates in style.

- 8-digit, extra-large SuperView display with adjustable tilt includes comma and decimal punctuation.
- Sleek, well-organized keyboard.
- 3-key memory, percent and square root keys, automatic constant.
- Attractive wallet included.
- ANYLITE solar power allows operation even in low light.

EVERYDAY

- Stores up to 3 different balances and Constant Memory™ retains them even when the calculator is turned off.
- "Pass" key ensures your data will be private.
- Percent and Grand Total (GT) keys, plus a decimal mode.
- Sturdy wallet holds the calculator and a standard-size checkbook.
- Solar-powered with back up battery; Automatic Power Down (APD) feature conserves power.

SCIENTIFIC

TI-30X*

Easy-to-use functions provide fast solutions for general math, science, and statistics.

- Adds, subtracts, multiplies, and divides fractions entered in traditional numerator/denominator format.
- Performs trigonometric functions, logarithms, roots, powers, reciprocals, and factorials.
- One-variable statistics include results for mean and standard deviation.
- Constant Memory retains stored values even when the calculator is turned off.
- Automatic Power Down (APD) feature conserves power.
- Slide case included.

10

TI-30X SOLAR*

Solar-powered model that provides fast solutions for general math, science, and statistics.

- Adds, subtracts, multiplies, and divides fractions entered in traditional numerator/denominator format.
- Performs trigonometric functions, logarithms, roots, powers, reciprocals, and factorials.
- One-variable statistics include results for mean and standard deviation.
- ANYLITE solar power allows operation even in low light.
- Slide case included.

© 2010 Joerg Woerner
Datamath Calculator Museum

SCIENTIFIC

- Adds, subtracts, multiplies, and divides fractions entered in traditional numerator/denominator format.
- Performs calculations and conversions in hexadecimal, octal, and binary number bases.
- Includes hyperbolic and trigonometric functions, plus polar/rectangular conversions.
- ANYLITE solar power allows operation even in low light.
- Slide case included.

TI-34*

Perfect for algebra, trigonometry, and computer science.

- One- and two-variable statistics include results for linear regression and trend line analysis.
- Adds, subtracts, multiplies, and divides fractions entered in traditional numerator/denominator format.
- 3 memories, 10 English/metric conversions, and 8 physical constants.
- Automatic Power Down (APD) feature conserves power.
- Slide case included.

TI-35X*

The battery-powered choice for advanced algebra, trigonometry, chemistry, computer science, and statistics.

© 2010 Joerg Woerner
Datamath Calculator Museum

* Acceptable for use on the 1994 Mathematics Level IIC Achievement Test.
Acceptable for use on the 1994 AP Calculus AB and Calculus BC Examinations.
Additional information on pages 53-55.

TI-36X SOLAR*

The solar-powered choice for advanced algebra, trigonometry, chemistry, computer science, and statistics.

- One- and two-variable statistics include results for linear regression and trend line analysis.
- Adds, subtracts, multiplies, and divides fractions entered in traditional numerator/denominator format.
- 3 memories, 10 English/ metric conversions, and 8 physical constants.
- ANYLITE solar power allows operation even in low light.
- Slide case included.

TI-68

The calculator for professionals and students who require the most comprehensive and powerful technical functions.

- Simultaneous equations feature solves up to 5 equations with real or complex coefficients.
- 40 complex number functions allow polar and rectangular forms for both entries and results without entering a special mode.
- Polynomial root finder calculates real and complex roots of quadratic, cubic, and quartic equations.
- Last equation replay feature allows recalling, checking, and editing of the last equation entered.
- 12-character, alphanumeric display scrolls to show long equations.
- Slide case included.

SCIENTIFIC

- 8-line by 16-character display shows entire expressions and results.
- Defines, saves, and graphs up to 4 functions and 3 parametric equations.
- Enter, save, and manipulate up to three 6x6 matrices.
- 7 built-in zoom features selectively change the way you view a graph.
- 300 advanced functions accessed through easy-to-use display menus.
- One- and two-variable list-based statistics.
- Saves up to 37 programs (2,400 bytes).
- Slide case included.

TI-81 Graphics

Unites advanced functions with operational simplicity for algebra and precalculus.

- 8-line-by-16-character supertwist display.
- Defines, saves, and graphs 10 rectangular functions, 6 parametric equations, 6 polar equations, and 2 recursively defined sequences.
- Function evaluation table shows numeric evaluation of functions in table format.
- Calculates roots, minimums, maximums, derivatives, and integrals.
- Link cable (included) allows data sharing with another TI-82.
- Slide case included.
- Available now.
- Optional TI-GRAPH LINK™ shown on page 14.

TI-82 Graphics

The TI-81's ease of use, now with tables and basic calculus functions.

NEW!

TI-85 Graphics

Our most powerful graphing calculator for advanced math, science, and engineering.

- 8-line-by-21-character supertwist display.
- Special calculus functions.
- Stores, graphs, and analyzes up to 99 functions, parametric equations, and polar functions, plus a system of 9 first-order differential equations.
- Solves for any variable in an equation, 30 simultaneous equations, and finds roots of a polynomial up to 30th order.
- Handles real and complex numbers, lists, vectors, and matrices up to 30 x 30.
- Link cable (included) allows data sharing with another TI-85.
- Slide case included.
- Optional TI-GRAPH LINK shown below.

ACCESSORIES

TI-GRAPH LINK

Cable, Adapters and Software 1.0

Links your TI-82 or TI-85 with an IBM®-compatible or Macintosh® computer.

- Send and receive information between your calculator and computer.
- Create and edit calculator programs on your computer (Macintosh version only).
- Back-up your calculator's memory to your computer.
- Save the calculator's screen images on your computer.
- Print graphs and data to your computer printer.
- Import and export data to or from an ASCII file.
- Group related files together in a single file.
- Available now.
- TI-82 shown on page 13; TI-85 shown above.

A Specia
And

BA-20 Profit Manager™

Simply the most convenient, accurate way to perform cost-sell-margin calculations.

- Preprogrammed functions solve cost-sell-margin problems; enter any two variables and the third appears instantly.
- Automatic constant quickly performs repetitive calculations.
- Percent key speeds computation of add-ons and discounts.
- ANYLITE solar power allows operation even in low light.
- Large keyboard and convenient digital clock make it ideal for desktop or portable use.

BA-35

Our most affordable calculator for time-value-of-money calculations.

- Solves time-value-of-money calculations such as annuities, mortgages, leases, savings, and more. Also generates amortization schedules.
- Annual percentage rate (APR) and effective rate (EFF) interest.
- One-variable statistics, conversions.
- Math functions include factorials, squares, square roots, percent, percent change, powers, reciprocals, and natural logarithms.

BA Real Estate™

Performs specialized real estate functions quickly and easily.

- Computes buyer qualification for both income and loan amount.
- Calculates PITI (principal, interest, taxes, and insurance).
- Computes ARMs, bi-weekly payments, Canadian mortgages.
- Solves time-value-of-money calculations.
- Generates amortization schedules.
- Slide case and real estate worksheets included.
- Available now.

NEW!

- Solves time-value-of-money calculations such as annuities, mortgages, leases, savings, and more. Also generates amortization schedules.
- Performs cash-flow analysis for up to 24 uneven cash flows with up to 4-digit frequencies; computes NPV and IRR.
- Choose from 2 day-count methods (actual/actual or 30/360) to calculate bond price or yield "to maturity" or "to call."
- 4 methods for calculating depreciation, book value, and remaining depreciable amount.
- Math functions include trigonometric calculations, natural logarithms, and powers, plus breakeven analysis.

BA II PLUS™

Easy-to-use calculator with powerful features such as cash-flow analysis and advanced statistics for business professionals and students.

HOME/OFFICE

TI-5006

Portable printing calculator features an extra-large SuperView display.

- Easy-to-read, 10-digit, SuperView, LCD display.
- 1-color serial impact printer uses standard 2-1/4 inch plain paper.
- Accommodates two paper-roll sizes: small roll fits inside for portability; large roll fits on a swing-out arm for extra capacity.
- AC/DC powered for portability (4 AA batteries included).

HOME/OFFICE

TI-5029

Printing calculator that's indispensable on the desk or on the go.

- Bright, 10-digit, vacuum fluorescent display.
- 1-color serial impact printer uses standard 2-1/4 inch plain paper.
- Easy-to-use keyboard with comfortable, well-spaced keys.
- Item count for tracking entries in lengthy calculations.
- AC/DC powered for portability (4 AA batteries included).

HOME/OFFICE

TI-5032

Portable 10-digit printing calculator with an extra-large, SuperView display.

- Easy-to-read, 10-digit, SuperView, LCD display.
- 1-color serial impact printer uses standard 2-1/4 inch plain paper.
- Roomy keyboard with well-spaced, contoured keys.
- Gross Profit Margin (GPM) key and automatic item count.
- AC/DC powered for portability (AC adapter included).

PRINTING

- Easy-to-read, 12-digit, SuperView, vacuum fluorescent display.
- Reliable, 1-color serial impact printer uses standard 2-1/4 inch plain paper.
- Full size keyboard with contoured keys for increased accuracy.
- Gross Profit Margin (GPM), Right Shift and Delta Percent.
- Built-in, one-piece metal paper arm can't be lost or broken.
- AC/DC powered for portability (AC adapter included).
- Available now.

OFFICE

DESKTOP DISPLAY

HOME/OFFICE

TI-5018

Portable desktop calculator with a SuperView display for quick work on the go.

- Easy-to-read, 12-digit, SuperView, LCD display.
- Roomy keyboard with well-spaced, contoured keys.
- Grand Total (GT) and Mark Up (MU) keys.
- Solar powered with built-in back up battery that allows operation even in low light.
- Automatic Power Down (APD) feature conserves power.

HOME/OFFICE

TI-5021

Portable calculator with a SuperView display goes from desktop to meetings with ease.

- Easy-to-read, 12-digit, SuperView, LCD display.
- Roomy keyboard with familiar "adding machine" keystroke operation.
- Digital clock displays time or date.
- Automatic Power Down (APD) feature conserves power (1 AA battery included).

PAPER-FREE

- Single-line, 10-digit, LCD display shows pending entries or totals with commas and decimals.
- 3-line, 10-digit, LCD display retains up to 45 lines and scrolls backward or forward to review entries.
- Multi-line display lets you change entries without re-entering the calculation; totals are automatically recalculated.
- Easy-to-use keyboard with simple "handheld" keystroke operation.
- Automatic Power Down (APD) feature conserves power.
- Battery powered (1 lithium battery included).
- Slide case included.
- Scheduled for availability 2nd quarter 1994.

HOME/OFFICE

TI-5028 Paper-Free™

Portable handheld calculator with an innovative multi-line display.

NEW!

- Single-line, 10-digit, LCD display shows pending entries or totals with commas and decimals.
- 4-line, 10-digit, LCD display retains up to 99 lines and scrolls backward or forward to review entries.
- Multi-line display lets you change entries without re-entering the calculation; totals are automatically recalculated.
- Full size keyboard with simple "handheld" keystroke operation.
- Automatic Power Down (APD) feature conserves power.
- Battery powered (2 AA batteries included).
- Scheduled for availability 2nd quarter 1994

- 8K memory stores approximately 300 Telephone, Schedule, and Memo entries.
- 3-line display shows 12 characters per line. First line scrolls to 48 characters.
- Easy-to-use, typewriter style "QWERTY" keyboard.
- Password feature protects confidential entries.
- Local Time, World Time, Alarm, Calendar, and Calculator modes.

PS-3600 Data Bank

Compact and portable, this handy data bank keeps essential business and personal information close at hand.

- 32K memory stores hundreds of Telephone, Schedule, and Memo entries.
- Large, 3-line display with 18 characters per line.
- Easy-to-use, typewriter-style "QWERTY" keyboard.
- Clock/alarm mode linked to Schedule entries tracks and reminds you of appointments.
- World Time mode shows the time anywhere.
- 4-function calculator, metric conversions, and a password feature to protect data.
- Data Link cable, included with the PS-6200, allows transfer of information from one PS-6200 to another.

PS-6200 Organizer

Compact and portable organizer stores all the information you need to manage your time and activities.

© 2010 Joerg Woerner
Datamath Calculator Museum

PS-6600 Organizer

Powerful, multi-purpose organizer helps arrange essential business and personal information.

- 64K memory stores hundreds of Telephone, Schedule, and Memo entries.
- Large, 6-line display with up to 32 characters per line; scrolls to 8 lines.
- Easy-to-use, typewriter-style "QWERTY" keyboard.
- Clock/alarm mode linked to Schedule entries tracks and reminds you of appointments.
- Handy 10-digit calculator, plus metric and currency conversions.
- Calendar mode displays a monthly calendar.
- Optional PS-6600 PC Interface shown on page 37.

Jot-it™ PS-9100 Appointment Reminder

- 6 appointments can be set up to a week in advance.
- Time and day of the week are always displayed.
- Appointment alarm can be audible or silent.
- Daily and weekly appointments can be set in addition to regular appointments.
- Handy wallet stores the unit, a pad of Post-it™ brand notes, and a "flip file" for written appointments.

POCKET SOLUTIONS

- Data Bank stores approximately 120 entries.
- Alphabetical keyboard has one letter per key to simplify entries.
- 2-line display shows up to 12 characters and scrolls to 36 characters on each line.
- Password protects confidential Telephone and Schedule information.
- Convenient Clock/alarm and Calculator modes.
- Sturdy, pocket-sized vinyl book holds data bank and non-dated calendar.
- Book is refillable with Day Runner® Memo Pocket Planner™ refills.

PS-9250 Data Bank Book

Keeps notes, appointments, and telephone numbers in the compact data bank or on the handy refillable calendar.

- Electronic organizer stores thousands of Reminder, Address, Note, and Secret Note entries in 64K memory.
- "Scan" keys show lists of abbreviated entries for quick scanning and retrieval.
- Large, dot-matrix, 6-line display has 24 characters per line.
- Reminder alarms and up to 4 daily alarms can be set.
- Password protects confidential information.
- Durable black vinyl wallet with non-dated calendar has retractable hole panel to fit most 3, 6 and 7-ring organizer books.
- Book refillable with Day Runner® Pocket Planner™ refills.

TimeRunner™ PS-9500 Organizer

Electronic efficiency meets paper simplicity in a handy compact wallet.

- 8-digit, extra-large SuperView display with comma and decimal punctuation.
- Well-spaced keyboard with contoured keys and extra-large plus and minus keys.
- 3-key memory, percent, square root, and change sign (+/-) keys.
- Protective vinyl wallet included.
- ANYLITE solar power allows operation even in low light.

MADE IN THE U.S.A.

- 8-digit, extra-large SuperView display with decimal punctuation.
- Well-spaced keyboard with contoured keys and extra-large plus key.
- 4-key memory has separate keys for memory recall and clearing memory.
- Percent, square root, and change sign (+/-) keys.
- ANYLITE solar power allows operation even in low light.

TI-7300

Solar-powered mini-desktop calculator with an extra-large SuperView display.

- Scientific functions include:
 - Trigonometric calculations in degrees, radians, and grads.
 - Common and natural logarithms.
 - Universal roots and powers.
 - Reciprocals and factorials.
- Polar/rectangular and degrees, minutes, seconds/decimal degrees conversions.
- ANYLITE solar power allows operation even in low light.
- Display shows 8 digits or 5 digits with a 2-digit exponent.
- Manual and protective wallet included.

TI-25 SOLAR

Solar-powered calculator for general math and science.

PACKAGING

J-hook blister cards give a distinctive, uniform look to the Made in the U.S.A. line.

MERCHANDISING

© 2010 Joerg Woerner
Datamath Calculator Museum

MERCHANDISING

- BRIGHT, SNAPPY COLORS PLUS FLASHY PENCILS AND ERASERS.

BACK-TO-SCHOOL PROMOTIONS

Designs that jump off J-hooks to provide incremental sales during the back-to-school selling period.

- J-HOOK INCLUDED.
- OPTIONAL UPC CODE J-HOOK AVAILABLE FOR SCANNING.

- ALLOWS HANDS-ON DEMONSTRATION.
- SPACE SAVING AND SECURE.
- PERFECT FOR ANY TI HANDHELD CALCULATOR.

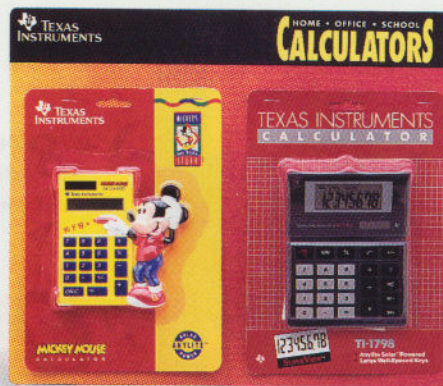

"TRY ME" TAG

An attention-getting option that leads to impulse sales.

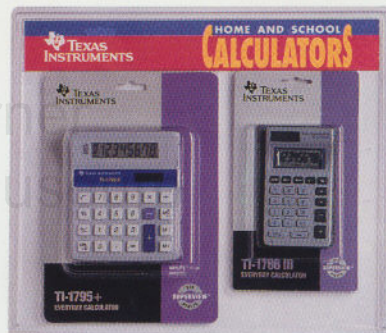

MERCHANDISING

VALUE PACKS

Just the right product combination to boost revenues.

■ TWO COMPLEMENTARY ITEMS PACKAGED TOGETHER IN SHRINK-WRAPPED, CORRUGATED PACKAGING.

■ SOME AVAILABLE IN PILFER-PROOF PLASTIC CLAM SHELL PACKAGING.

■ DISPLAY CARTONS INCLUDED WITH ORDER.

MERCHANDISING

- INCLUDES S-HOOK FOR HANGING.
- AVAILABLE IN METAL OR PLASTIC.

CLIP STRIP

Hang it anywhere for strategic positioning that increases impulse sales.

© 2010 Joerg Woerner
Datamath Calculator Museum

45

- COMBINES ANY TI CALCULATOR WITH A VARIETY OF PRODUCTS.
- ALLOWS CUSTOMIZED RETAILER PROMOTIONS.

BONUS PACK

A customized promotional opportunity that leads to high-volume sales.

- COMBINES A TI PRINTING CALCULATOR WITH A HANDHELD MODEL.
- MANY COMBINATIONS AVAILABLE.

TEMPORARY POPs

Value-added promotions for incremental sales opportunities during key selling periods such as Back-to-School and Christmas (models subject to change).

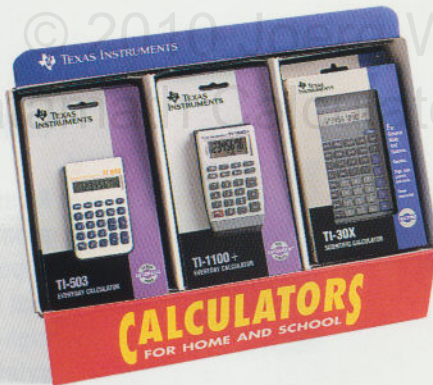

COUNTER-TOP DISPLAY
MAKES PRODUCTS EASILY ACCESSIBLE
FOR EXTRA SALES AND PROFITS.

- REQUIRES NO SHELF SPACE.

- ALLOWS FLEXIBILITY TO MIX AND MATCH MODELS THAT SELL FOR YOU.

- SHIPPED ASSEMBLED AND READY TO USE.
- DURABLE AND DISPOSABLE.

DUMP BIN

**CREATES EXTRA SELLING SPACE
FOR IMPULSE SALES.**

- REQUIRES NO EXTRA SHELF SPACE—PLACE IT ANYWHERE.
- SHIPPED ASSEMBLED AND READY TO USE.
- COMPLETE WITH 48 PRE-SELECTED MODELS; OR REQUEST A UNIT THAT SELLS FOR YOU.

MERCHANDISING

POWER END CAP

ENHANCES SELLING SPACE FOR MORE DOLLAR SALES.

- CREATES ADDITIONAL SHELF SPACE.
- SPACE-EFFICIENT AND DISPOSABLE.
- CHANGEABLE HEADERS AVAILABLE.
- VARIOUS SIZES TO FIT YOUR INDIVIDUAL NEEDS.

TWO-TIER DISPLAY

- VERSATILE DESIGN FOR USE ON A PEGBOARD, COUNTERTOP OR J-HOOK.
- CUSTOMIZED PRODUCT MIX FOR INDIVIDUAL NEEDS.

PERMANENT POPs

Attention-getting
options that lead
to impulse sales.

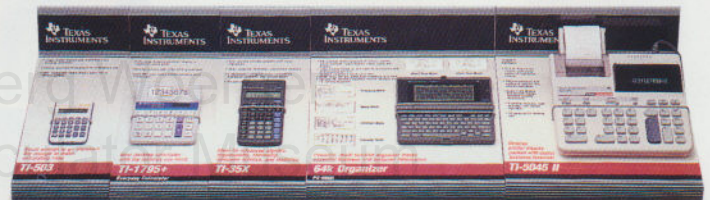

UNDER-COUNTER DISPLAY FOR HIGH-END BUSINESS, SCIENTIFIC AND GRAPHING CALCULATORS.

- DESIGNED FOR UNDER-COUNTER GLASS DISPLAY CASES.
- ANGLES PRODUCT SO IT CAN BE SEEN CLEARLY.
- SPACE-SAVING DESIGN.
- COMPARTMENT ON BACK HOLDS LITERATURE.

POP DISPLAY OFFERS A SURE WAY TO SIGNIFICANTLY INCREASE SALES.

- ALLOWS QUICK AND EASY HANDS-ON DEMONSTRATIONS.
- STANDARD SIZES FIT ANY GONDOLA SHELF.
- CUSTOMIZABLE — SHIPS COMPLETE WITH PRODUCT ATTACHED.
- AVAILABLE FREE WITH PRODUCT AT REGULAR PRICE.

METAL DISPLAY A GREAT WAY TO MAXIMIZE IMPULSE PURCHASES.

- PROVIDES 3 EXTRA J-HOOKS TO MAXIMIZE COUNTER SPACE.
- HOLDS VARIOUS CALCULATOR MODELS.
- SPACE-SAVING DESIGN.
- STURDY AND DURABLE.

MERCHANDISING

FULL LINE PLAN-O-GRAM

TI's products and programs make effective and efficient merchandising easy, with customized plan-o-grams to meet your individual requirements.

- EXCELLENT END-CAP OPPORTUNITY.
- ASSEMBLED AND SHIPPED BY TI TO ARRIVE FAST AND READY TO SELL.
- AVAILABLE IN ANY QUANTITY.

PALLET

A high-volume promotional opportunity for special merchandising needs.

MERCHANDISING

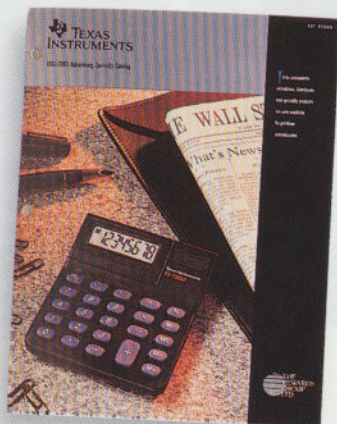

SPECIAL MARKET SALES

Texas Instruments Special Markets Sales organization offers a wide variety of programs.

For more information call or write:
Texas Instruments
P.O. Box 650311
