INTRODUCING A SERVICE FOR TEXAS INSTRUMENTS TI-59 USERS IN THE U.S., CANADA, AND MEXICO

- Improve your personal productivity
- Increase your professional contribution
- Exchange ideas and programs with your colleagues

You are no doubt aware of the revolutionary capabilities and the versatility in problem solving of the TI-59. Are you also aware of the extensive software available through the Professional Program Exchange (PPX-59)? If you feel that you could significantly increase your professional productivity if you had ready access to programs which solve your real world problems, PPX-59 CAN HELP YOU. PPX-59 provides a medium through which you can gain access to programs written by people sharing the same interests as yours. Also, you will have a chance to share your programs with others who may be experiencing the same problem solving frustrations that you managed to overcome by originating a TI-59 program. In short, PPX-59 helps TI-59 users help each other.

As a PPX-59 member you will receive:

- PPX-59 Software Catalog – Identifies (by category, keyword index and author index) and describes all programs available through PPX-59.
- Three (3) introductory programs of your choice selected from the PPX-59 Software Catalog. (A \$9.00 value.) **To be processed, orders must include complete 6 digit PPX Program number. See Catalog for proper numbers.**
- Prepaid postage order forms – Provides a convenient method of ordering TI-59 Program Documentation at a nominal \$3.00 cost per program. With each program you order you will receive a Program Abstract, Program Description, Sample Problem, User Instructions and Keystroke Listing. **(Magnetic cards are not included.)** As a convenience to members, complete TI-59 Libraries (with pre-programmed Software Modules), Pakettes (mini-libraries with documentation only) and other Software Accessories are available through PPX-59 at suggested retail prices.
- PPX-59 Member's Guide – Provides all documentation instructions and acceptance criteria for program submissions to PPX-59. For each program you submit which is accepted you will receive four (4) blank magnetic cards and one (1) program of your selection from the PPX-59 Software Catalog.
- PPX Exchange – This bimonthly newsletter keeps members abreast of TI-59 programming hints, unusual applications and software announcements. Also includes special feature articles concerning use of the TI-59.

The PPX-59 Software catalog contains programs pertaining to many of the professional categories shown below:
