

EASY TO OPERATE—Press the keys in the same order as the problem is written. Typical operating examples are on the back of your calculator.

BATTERY—A 9-volt alkaline battery is recommended for maximum life. A carbon-zinc battery may also be used though it should be removed immediately after being discharged to prevent possible damage from leakage.

AUTOMATIC CONSTANT—Addition, subtraction, multiplication or division with a constant number is automatic. The *first* number entered in multiplication will be the constant. The *second* number entered in the other three functions will be the constant.

OVERFLOW INDICATION—A flashing display indicates that a result had more than 8 digits (7 digits for negative results) to the left of the decimal; or, division by zero. Press **[CE]** to stop flashing—the display will show the correct result with the decimal shifted 8 places to the left. To determine the correct placement of the decimal, mentally move it 8 places to the right, adding zeros as necessary. Press **[C]** to stop flashing display and clear the calculator to start a new problem.

OPTIONAL AC ADAPTER—Model AC 9180 Adapter is available at your dealer.

NINETY-DAY LIMITED WARRANTY

The TI-1200 electronic calculator from Texas Instruments is warranted to the original purchaser for a period of ninety (90) days from the original purchase date under normal use and service against defective materials or workmanship. **ANY IMPLIED WARRANTIES ARE ALSO LIMITED IN DURATION TO THE 90-DAY PERIOD FROM THE ORIGINAL PURCHASE DATE.**

This warranty is void if: (1) the calculator has been damaged by accident or unreasonable use, neglect, improper service or other causes not arising out of defects in material or workmanship, (2) the serial number has been altered or defaced. **TEXAS INSTRUMENTS SHALL NOT BE LIABLE FOR LOSS OF USE OF THE CALCULATOR OR OTHER INCIDENTAL OR CONSEQUENTIAL COSTS, EXPENSES OR DAMAGES INCURRED BY THE PURCHASER.**

During the warranty period your calculator will either be repaired or it will be replaced with a reconditioned model of equivalent quality (at manufacturer's option) without charge to the purchaser, when returned prepaid and insured, with proof of purchase date, to a Texas Instruments service facility listed below. In the event of replacement with a reconditioned model, the replacement unit will continue the warranty of the original calculator or 90 days, whichever is longer. **Units returned without proof of purchase date will be repaired at the service rates in effect at the time of return.**

For out-of-warranty service, carefully pack your calculator, enclose \$6.00 for service and handling, and include your complete name, address, and Zip code. Send prepaid and insured to: **Texas Instruments Service Facility, P.O. Box 2500, Lubbock, Texas 79408 • Texas Instruments Service Facility, 41 Shelley Road, Richmond Hill, Ontario, Canada • Texas Instruments Consumer Service, 78 Town and Country, Orange, California 92668, (714) 547-2556 • Texas Instruments Consumer Service, 10700 Southwest Beaverton Highway, Park Plaza West, Suite 111, Beaverton, Oregon 97005, (503) 643-6758.**
